The image features a stylized map of Europe and Africa in the background, rendered in shades of pink and light red. A prominent red line traces a path across the map, starting from the top right, moving vertically down, then horizontally left, and finally following a jagged path across the continent of Europe. The word "service card" is placed on the map, partially overlapping the red path.

Asciutti s.r.l is history and present of the logistics sector.  
Our corporate philosophy guides us into the future.

## History Asciutti s.r.l

The activity of the Asciutti's family in the freight transport field, began in the early 70s with the establishment by Asciutti Ezio of a one-man band.

Over the years, thanks to the commitment and passion of the founder's children, the company has grown under his first son control, Asciutti Massimo, making the company become in 1984 a limited company, Asciutti s.r.l. transport and logistics.

## Mission & Vision

The company has an international orientation, which aims at continuous technological and professional development in order to offer to the customer safety and quality services.

Our main interest is to respect and protect our company and the environment in which we operate, through the continuous updating of the fleet and intermodal logistics planning.

## Traveling philosophy

Our young and dynamic team, in continuous professional and cultural growth, supported by modern IT technologies, makes the company the ideal logistic partner for all the type of companies.

# what do we do Service card

Transport or logistics, our partners choose Asciutti s.r.l for its professionalism and experience.

## Road transport

We provide full-load, part-load and groupage road transport services through a fleet of state-of-art proprietary vehicles in order to reduce polluting emissions; each vehicle is equipped with a satellite GPS system that allow us to keep an exact position under control.

The experience and professionalism of our travelling staff, guarantee the satisfaction of every customer need and request. We offer our customer a several types of trailers:

- **Tarpaulin Trailer Trailer,**  
(Lunghezza 13,62 m, Larghezza 2,48 m, Altezza 2,70 m);
- **Mega Trailer Trailer,**  
(Lunghezza 13,62 m, Larghezza 2,48 m, Altezza 2,90 m);
- **Open Trailer Trailer,**  
(Lunghezza 13,62 m, Larghezza 2,48 m, Altezza 2,70 m).

## Intermodal transport

Attention and respect for the environment have encouraged us to develop road-rail or road-ship transport solutions using our own swap bodies and containers.

Trusting relationships with our intermodal partners allow us to combine the different modes of transport, giving the customer benefits in terms of:

- Environmental and economic sustainability,
- Security and reliability,
- Precision,
- Multimodality.

## Logistics

Our experience enables us to manage for the customer both the logistics processes that preceded the production from the provision to stock goods, both the processes of post-production such as storage and distribution of finished goods.

We offer customers an indoor area of 5.000 m<sup>2</sup> and an outdoor area of 20.000 m<sup>2</sup>, with the possibility to use a third party warehouse according to specific customer requirements. We are organised to assist our customers in outsourcing logistics services at various levels:

- **2 PL or second-party logistics,** goods storage and transport organisation;
- **3 PL or third-party logistics,** in addition to storage of goods we also provide cross-docking, stock control and reverse logistics services.
